CHIEF EXECUTIVE OFFICER'S STATEMENT FOR THE SIX-MONTH PERIOD ENDED 30 NOVEMBER 2016

Financial Results

I am pleased to report that the Group continued to make good progress during the first half of the current financial year. The financial results achieved for the six months ended 30 November 2016 ("the period") give cause for optimism in the outcome of the full year to 31 May 2017.

Group revenue amounted to £7.99m (H1 2016: £5.25m). This comprised £4.23m (H1 2016: £3.74) at Onepm Finance, an organic increase of 13.1% and £3.76m at the acquired subsidiaries, Academy and Bradgate (H1 2016: £1.51m). Included in revenue at Academy and Bradgate is £1.03m of commission income in respect of the broking-on of equipment and vehicle contracts.

Profit before tax increased to £2.05m (H1 2016: £1.66m). Profit after tax in the period rose to £1.64m (H1 2016: £1.31m). Earnings per share ("EPS") increased 5.8% to 3.08p (H1 2016: 2.91p). EPS has been calculated on a weighted average basis taking into account the issue of 1,960,270 new ordinary shares on 6 October 2016 in connection with the earn-out arrangements relating to the acquisition of Academy Leasing Limited in 2015. At the period end a total of 54,523,771 ordinary shares were in issue.

The Group paid a single final dividend in respect of the financial year ended 31 May 2016. It is the Board's intention to continue this policy in the current financial year with one dividend payment, being a final dividend, in respect of the current financial year ending 31 May 2017.

At the period end, the Group's consolidated net assets stood at £26.8m (H1 2016: £23.9m), an increase of 12.1%.

Operations

In the period, the Group continued to experience strong demand across its product range from its core SME customer base. It originated £36.4m of new lease, hire purchase, loan and vehicles contracts, an 82% increase over the same period last year (H1 2016: £20.0m). This comprises the net effect of increases in lease and vehicles contracts and the anticipated reduction in loan contracts origination, which amounted to £1.7m. All of the vehicles contracts and approximately 24% of new lease and hire purchase contracts originated in the period by the Group were broked-on to generate commission income at Academy and Bradgate.

At the period-end the Group's combined 'own-book' lease and loan portfolios stood at £71.8m, comprising £42.0m at Onepm Finance, £20.5m at Academy and £9.3m at Bradgate. The average contract value in the portfolio in the period was £14.2k (H1 2016: £10.8k) with no single customer representing more than 0.35% of the total portfolio value (H1 2016: 0.21%). During the period, the Group's strict credit and underwriting controls were maintained, with £0.25m written off as bad debt (H1 2016: £0.15m). Total provisions at 30 November 2016 were £1.22m, representing 1.64% of total receivables (H1 2016: £0.92m representing 1.57% of total receivables).

Strategy

The stated goal of the Group's current strategic plan formulated in late 2014 is to achieve a market capitalisation of £100m. The objectives that will enable this goal to be achieved and which shape the strategic plan are:

- operating a model of distributed separate subsidiary entities
- having a multi-channel and multi-product offering for business lending to SMEs
- maintaining risk mitigation through having both funding and broking capability
- being 'digitally capable'
- strictly adhering to underwriting policies and credit control procedures
- being geared appropriately with cost-effective funding facilities

Current levels of business activity throughout the Group give the Board confidence in pursuing its further strategic growth plans. These will include the addition of complementary products, further development of financial technology, an expanded funding mix to include a wider range of borrowing facilities and consideration of potential further acquisitions.

In summary, the Board is maintaining an unwavering commitment to support the SME sector, whilst pursuing ambitious, but risk-assessed growth plans to deliver increased shareholder value.

Board Changes

As announced on 22 June 2016, Helen Walker will be leaving the Company's employment on 31 May 2017. The Company has made significant progress towards the recruitment of a Chief Financial Officer to replace Helen and anticipates being able to provide a specific market update in the near future.

Risks and uncertainties

There are a number of potential risks and uncertainties which could have a material impact on the Group's performance over the remaining six months of the financial year and could cause actual results to differ materially from expected and historical results. The directors do not consider that the principal risks and uncertainties have changed since the publication of the annual report for the year ended 31 May 2016. A detailed explanation of the risks summarised below, and how the Group seeks to mitigate the risks, can be found on page 37 of the annual report which is available at www.onepmfinance.co.uk.

Credit Risk:

The directors believe that credit risk is limited due to debts being spread over a large number of receivables contracts.

Interest rate and liquidity risk:

No liabilities are subject to variable rates of interest.

Going Concern

As stated in note 1 to the condensed financial statements, the directors are satisfied that the Group has sufficient resources to continue in operation for the foreseeable future, a period of not less than 12 months from the date of this report. Accordingly, they continue to adopt the going concern basis in preparing the condensed financial statements.

Responsibility Statement

We confirm that to the best of our knowledge:

- a) the condensed set of financial statements has been prepared in accordance with IAS 34 'Interim Financial Reporting';
- b) the interim management report includes a fair view of the information required by Disclosure and Transparency Rules ("DTR") 4.2.7R (indication of important events during the first six months and description of principal risks and uncertainties for the remaining six months of the year); and
- c) the interim management report includes a fair view of the information required by DTR 4.2.8R (disclosure of related parties' transactions and changes therein).

Outlook

Demand for finance from SMEs, whether it is for their business-critical assets, vehicles or general purpose loans, continues to be strong. The Board sees opportunities for further organic growth, both from cross-selling its products into its expanding customer base, and from new business origination. There are also opportunities for further strategic growth from new product introductions, the application of financial technology and value enhancing acquisitions. Your Board looks forward with confidence to the continued success of the business in the remainder of the current financial year.

By order of the Board,

Ian Smith
Chief Executive Officer, 1pm plc

Independent Review Report to 1pm PLC

Introduction

We have been engaged by the company to review the condensed set of financial statements in the half-yearly financial report for the six months ended 30 November 2016 which comprises the Consolidated Statement of Comprehensive Income, the Consolidated Statement of Financial Position, the Consolidated Cash Flow Statement, the Consolidated Statement of Changes in Equity and related notes 1 to 8. We have read the other information contained in the half-yearly report and considered whether it contains any apparent misstatements or material inconsistencies with the information in the condensed set of financial statements.

This report is made solely to the company in accordance with International Standard on Review Engagements (UK and Ireland) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Auditing Practices Board. Our work has been undertaken so that we might state to the company those matters we are required to state in an independent review report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company, for our review work, for this report, or for the conclusions we have formed.

Directors' responsibilities

The half-yearly financial report is the responsibility of, and has been approved by, the directors. The directors are responsible for preparing the half-yearly financial report in accordance with the Disclosure and Transparency Rules of the United Kingdom's Financial Services Authority. As disclosed in note 1, the annual financial statements of the group are prepared in accordance with IFRSs as adopted by the European Union. The condensed set of financial statements included in this half-yearly financial report has been prepared in accordance with International Accounting Standard 34, "Interim Financial Reporting", as adopted by the European Union.

Our responsibility

Our responsibility is to express to the company a conclusion on the condensed set of financial statements in the half-yearly financial report based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements (UK and Ireland) 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity" issued by the Auditing Practices Board for use in the United Kingdom. A review of interim financial information consists of making enquiries, primarily of persons responsible for financial accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing (UK and Ireland) and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the condensed set of financial statements in the half-yearly financial report for the six months ended 30 November 2016 is not prepared, in all material respects, in accordance with International Accounting Standard 34 as adopted by the European Union and the Disclosure and Transparency Rules of the United Kingdom's Financial Conduct Authority.
